	10/8/2023	Randy	Meathrell	rmeathrell@aol.com	United States	AZ		Chino Valley	Chino Valley Flyers	136	130 flights by a 42 inch Electric foam Ringmaster. 126 were flown on Saturday in 4 hours' time. 4 more flights by the same moded on Sunday. 6 flights by a Fox 15 powered Wood Ringmaster were also flown on Sunday.		Randy Meathrell, Jeff Moser, Rick Nichols, Terry Stiener, Steve Zingall, Dave Domzalski, Harold Ellis and Gene Lafaillo.	The electric model was set up to fly for 30 seconds, which gave 6 1/2 laps. Upon landing the electrical system was reset after waiting the desired time. Then the model was flown again. The models battery provided energy for (6) 30 second flights but was changed after Sf flights. Each pilot on the list flew 20 times except Harold Ellis (10) flights and Gene LaFaillo who flew 6 times. Batteries were kept freshly charged so the next pilot could be made ready with minimal down time. Fun Event.	5

With 171 flights, the WICHIHAWKS contributed more flights in one weekend than we have in all the years of our participation, combined! Part of our success was the use of the EP setup on two of the Ringmasters. An S-1 made 100 flights on Sunday. Fun time, no crashes!	5

We had 7 pilots on Saturday. Sunday was sunny all day but stronger winds than predicted. We had 8 pilots on Sunday, Despite the weather and a big cookout on Sunday, we put up a good number of flights. My suggestion is to not change a thing. The 5 lap rule and the addition of a make up weekend due to weather, etc are the ond changes that were necessary while not reducing the "fun" factor.	5

Beutiful day with the odd thermal coming through the field. You know, start a wingover up wind and find out the thermal is now upwind when you're going over the top. I do wish they'd travel slower sometimes. But, generally just nice weather. Reliable enough setup that only 3 times did I have to walk across the field to bring the plane back. Most of the time it shut off with a gentle glide back to the stooge. Worse case was a little whipping. It made getting the flights in quick.	5
